SOPHOMORE CLASSMEN of Antioch-Lake Villa high school are shown in the school auditorium as they took the so-called "Iowa" tests last Thursday afternoon. Members of eighth grades in schools of the high school district were to take tests this week Monday, Wednesday and Friday. The Iowa tests of educational development are being given only to sophomores at this time. One hundred sixty members of the high school's second year class took these exams developed by a University of Iowa professor.

Eighth Graders and Sophs Tested To Learn of Progress in School

Tests for eighth graders in schools included in the Antioch-Lake Villa high school district were being given this week Monday, Wednesday and Friday at the high school.

Included are Iowa arithmetic, Iowa reading, clerical aptitude and mental tests starting at 9 a.m. and ending about 2:30 p.m. all three days. About 235 children from eighth grades in Antioch, Oakland, Emmons, Lake Villa, Millburn, Grass Lake, Channel Lake, Hickory, Newport, St. Peter's of Antioch and Prince of Peace school of Lake Villa will be taking them.

Last Thursday about 160 sophomores at Antioch-Lake Villa high school took the so-called Iowa tests of educational development, the first time these particular tests have been given to local high school students.

Only sophomores are taking the tests this time but other classes may do so later, Frank Denison of the high school staff said. He is in charge of giving the tests.

There are two objectives, he explained.

ONE IS to enable teachers and counselors to keep themselves better acquainted with the educational development of each high school student and thus to assist in adapting instruction and guidance to each student's needs.

Second, to provide school administrators with more dependable and objective basis for evaluating the total educational offering of the school.

Results of the tests often point up the need for curriculum revisions that might be needed.

Nine Iowa tests were given last

Hospital Board Names Historian

Mrs. Marvin Thossen of Sand Lake, Lake Villa, was named hospital historian and will submit her records twice a year at the Countryside Hospital board meetings when the board met Sunday at the Lake Villa school.

Amendments to the constitution of the Countryside Hospital association were adopted at the Sunday session.

Saturday evening, Mrs. Jane Rundgren and George Heuer gave talks at the Lakeland Baptist church in Lake Villa about the hospital and its program.

Mrs. Rundgren will speak Sunday, Feb. 7, at 3 p. m. at the Duck Lake Woods association on the same subject.

"Organizations in this area are showing a great interest in the hospital," Mrs. Rundgren commented this week.

"If your organization hasn't yet contacted the hospital association about speakers, they are free to do so by calling Elliot 6-7364 or by writing to the Countryside Hospital association, route 1, Lake Villa.

Another meeting of the hospital board is scheduled for 7:30 p. m. Tuesday, Feb. 9, at the Lake Villa grade school.

Hammers Fall As Exchange Is Enlarged

Antioch and vicinity is growing so rapidly population-wise that it will be necessary to install new switchboards in the local exchange building on Victoria street in order to give phone service to people in this section.

In order to install this equipment, the Illinois Bell Telephone company must first remove a wall between the present operating room (switchboards) and a room in the building used for training "hello" girls.

New openings for exits also must be opened with work scheduled to start Friday, Feb. 5.

"When you are placing your phone calls and hear noises such as sawing, hammering and drilling, you will understand what is taking place," Mrs. Nancy Reichardt, chief operator in Antioch, said.

The local telephone exchange has 50 operators, four supervisors, one clerk, one group chief operator and one chief operator in its quarters at 966 Victoria street.

There also are five mother and daughter combinations serving as operators.

They are Mrs. V. Carney and her daughter, Barbara; Mrs. H. Graczyk and daughter Diane; Mrs. Lena Messing and daughter, Betsy Young; Mrs. Alma Schaar and daughter Janet Troxell and Mrs. Lillian Jacobs and daughter Margaret Tholke.

5 Men File For Post On Local Board

An all-male cast will be on the ballot for the special village of Antioch election on Tuesday, March 1, to select one person for the village board of trustees.

The person elected will fill the vacancy caused by the moving out of town by Frank J. Applebey. His term was to expire in May 1963.

Listed on the ballot which voters will receive will be Anthony J. Scully, Arthur Letkey, Robert Bolton, David H. Nissen and Einar Petersen.

There also will be blank lines below their names for anyone wishing to write in a candidate's name.

Village clerk Clarence Shultis this week ordered 1,000 ballots printed, plus 225 sample ballots. The latter are available at the village hall for those wishing them and qualified to pick them up.

Absentee ballots also will be available at the village hall for those voters expecting to be out of town on election day, March 1.

Balloting will take place in the village hall, Antioch, between the hours of 6 a. m. and 6 p. m.

Applebey's place on the village board was declared vacant at a meeting of the trustees on Jan. 5 as "he has ceased to be an inhabitant of the village of Antioch for which he was elected."

Named at a meeting of the board of trustees this week Tuesday evening to serve as election judges were Mrs. Lorraine Blackman, Mrs. Mary Ellis, Mrs. Carolyn Horan, Mrs. Lorraine Folbrink and Mrs. Mary Ehner.

Each will be paid \$15 for her services at the polls that day.

Rescue Squad To Gain New Truck

Antioch will have a new rescue squad truck in a week or two to replace the one now in service since the end of World War II.

That was the word this week from chief Herman Holbeck.

He said that it would be a month or so before the new truck was placed in operation as equipment had to be installed, some lettering done on it and the like before it would be used.

In the meantime the present rig will continue to serve. What will happen to it when the new one goes into service was not known definitely.

Mrs. Pack Helps March Of Dimes

Mrs. Laura Pack, a resident of Little Silver Lake, near Antioch, took it upon herself to canvass her own subdivision for donations to the March of Dimes.

She would like to thank all those whom she called on and assure them that the money was turned over to the State Bank of Antioch, for which she was given a receipt.

Mrs. Pack made these collections herself because her daughter, Mrs. Lillian Young of Grayslake, has been an invalid for the past sixteen years as a victim of multiple sclerosis.

Mrs. Pack said of course she realized the need for help and knows that all money collected will do good for other invalids.

Antioch, Lake Villa Tax Lists Published

The delinquent tax lists for both Antioch and Lake Villa Townships were published in last week's edition of the Antioch News. The listings started on page 14 and ran also on pages 15, 16, 17, 18 and part of 19.

Also appearing in last week's Antioch News was the "Scavenger Sale" legal notice for Lake Villa Township.

Copies of this paper of Jan. 23, 1960 may be obtained at the Antioch News office as long as they last.

New Carillon Being Heard

Antioch and vicinity residents were enjoying carillon music this week with installation of 25 new bells at St. Ignatius Episcopal church as the selections were played daily at noon and 6 p. m.

The carillon is a memorial to the late Gertrude Smart Brook, lifetime member of the parish since its founding as a mission in 1915.

It was presented to the parish by her husband, J. Ernest Brook, and by her son, William E. Brook.

Music rolls have been purchased to make it possible to have the bells rung twice a day.

George Sterbenz was elected senior warden at a meeting of the parish Sunday afternoon.

Others named that day were Jerry Rockow as junior warden and Carl Reisser, R. H. McElroy, George Bartlett and William Meyer, vestrymen.

Afterward open house was held at the rectory where Rev. and Mrs. Edmond Hood were hosts for those wishing to see the re-decorated home. Redecorating was done by parish members.

Feb. 24 Time To File for School Board

February 24 is the first date on which one can file for a position on the Antioch-Lake Villa high school board of education, school authorities reminded would-be candidates.

The final day on which nomination papers may be filed is March 19 for the balloting to take place April 9. Candidates will have until March 22 in which to withdraw from the race.

As of Tuesday noon, no more people had filed for a place on the high school board. Three had taken out papers, last week, Robert Denman of the Millburn area, Mrs. Mary Chase of the Channel Lake district and Lars Steffenberg of Antioch.

Denman is the current high school board chairman.

The terms of Denman and of Millburn Cain expire this year. Cain has not indicated whether he would be a candidate or not.

In other high school news this week, it was announced that John M. Valaske has been employed as a teacher succeeding Robert Jachino, resigned.

Rev. Anderson Visits

Rev. Wallace Anderson, pastor of the Antioch Methodist church, is in Washington, D. C., this week attending a Methodist ministers' seminar. He will report on the seminar at next Sunday morning's service.

His theme then will be "Washington, D. C.—From a Minister's Point-of-View."

Village Board Hears Engineer Give Proposals

A meeting between the Antioch village trustees and representatives of the Willow Dale dairy was in prospect this week after a meeting of the village board Tuesday evening in which the local sewage disposal plant was discussed.

Village engineer Dave Miller told the trustees that the sewage plant was designed to serve a city of 1,800 persons but that with what the dairy adds to this, the amount of matter in the system is equal to that of a town of about 2,500 persons.

He noted a 40,000 gallons per minute drop in the sewage flow into the village sewage system since the fire at the dairy, as compared to a period when the plant was in operation.

The board is certain that some improvements will have to be made to the sewage plant. The question is how to do it and how much of an addition, if any.

It was noted that the dairy expects to be back in operation in about two weeks.

Miller said that additional tests will be made on the sewage system.

Highway department superintendent Ed Simonsen told the trustees that tiles leading from catch basins on Orchard street near the James Herman place had been clogged so badly that a heavy rain will cause a "lake" in the street.

He said the tiles leading from the catch basins were so badly clogged that "routing" them out did no good.

A new catchbasin or two and some new tiles leading from them may be needed.

The board voted to allow the Antioch Lions club the use of the village parking lot west of Broadway as the site for a circus on July 3 and for the site of a carnival next Aug. 3 through 7.

Proceeds from these events would go toward the aqua center sponsored by the Lions club. Use of the lot was granted under certain conditions.

Ed Vos presided at the meeting in the absence of Mayor Murrill Cunningham, who with his wife is in Florida.

Colored Slides Of Europe Seen

The wondrous beauty of Switzerland, England and other European countries of interest unfolded before the eyes of Grass Lake Girl Scout troop 6 as they enjoyed a lecture about Girl Scouts and Girl Guides around the world.

This was presented to them in thrilling fashion by Miss Cornelia Roberts, world traveler and teacher recently.

Miss Roberts showed 35 mm. colored slides, many of which contained pictures of Scouts of other nations. The Girl Scout world council's chalet in Switzerland was the most exciting for the girls to see.

Members from another Girl Scout troop with Mrs. James Bruski as leader, attended the affair along with some of the troop committee-men and parents of troop members.

LINDEN PLAZA SHOPPING CENTER LINDENHURST, ILL.

LINDENHURST SHOPPING CENTER as the architect sees it when it is completed is shown in this drawing provided by Morton Engle of the firm that is developing the Lindenhurst Estates. Plans announced several weeks ago called for the shopping center to be completed in three stages over a period of about five years. Engle told the Lindenhurst village board at that time the center would consist of three parts each of about 25,000 square feet in space. A Piggly Wiggly

store already has signed to occupy part of the area with several smaller stores expected to complete the first of the three "steps." The center would extend along Grand Ave. from Lindenhurst drive to Sand Lake road with room for parking of 300 cars. In the drawing above, the Shell service station on Grand Ave. is just out of the picture to the left. A sign now marks one corner of the center layout. Twenty or more stores eventually would occupy the Linden Plaza Shopping Center.

DEAR READER News Editorials

Are YOU Guilty?

Signs scattered around the village call attention of residents, visitors and any others who happen to be driving along our streets that there are certain rules and laws that must be obeyed for the safety of all.

One wonders at times whether people can read plain English, they just ignore the signs or they just take the "who cares" attitude a child might have.

At least two signs plunk in the middle of Main street in downtown Antioch say in as plain English as possible "No U Turns" or words to that effect.

But we will bet that in the space of any 24 hours at least three vehicles made that wide angle turn contrary to village laws. True they may do it when traffic is practically nil, but still it is against the law.

And one of the city and for that matter state laws that is violated as much as any in our village is that against speeding.

We don't mean just young people out for a good time, either, for many adults who should know better—and probably do—are seen far too often rolling at excessive speed down our byways.

Signs once again warn drivers of speeding on various streets, near the schools, in the downtown section and elsewhere.

And stop signs seem to be meaningless to many drivers, or else they don't know what the word "stop" really means.

"Stop" means just that—come to a complete stop before entering an intersection where such a sign exists—not just sliding in at one-quarter speed or slowing almost to a crawl, and then speeding out.

Speed is dangerous, violation of laws is illegal and costly—and please remember by obeying laws, the "life you save may be your own or of someone you love."

The senior class on Friday, Feb. 5, will sponsor a dance after the basketball game. Everyone is invited to the dance, entitled "Thingamajig" Hop. A small admission will be charged.

Don't forget the date, Feb. 5.

The semester grades were distributed this past week. Honor roll students have not yet been named.

The Community club of the Salem high met last Monday. The meeting proved very interesting. Panel discussion involved several good questions which left "food for thought."

"Do we study enough to get what we really want several years from now?"

More people should avail themselves of the opportunity of belonging to the Community club.

The junior class meetings in preparation for the prom are being held regularly now. Plans are developing and indications show that results will be excellent.

GAA members enjoyed a swimming party on Wednesday, Jan. 27. Their adviser, Miss Ruth Leeflink, accompanied the girls to the pool.

Wednesday and Thursday, Feb. 3-4, the freshman and junior classes took a series of tests under the direction of Mr. Daily, guidance director. These tests prove very valuable to students in the future. Records are kept and are helpful in many ways.

School spirit is running high these weeks. Many "basketball fans" have been added to the list of followers of the team. The boys put on a good performance and they should be supported.

"Dress-up slacks" or trousers for the boys and skirts and blouses or dresses for the girls is the policy of our school when students attend school functions at our school or away. This also applies to basketball games away from our own gym.

Forensics work, under the direction of Daniel Doone has gotten under way. Students entering the contest are asked to get their material in order and to get in touch with the teachers helping each particular class.

Mr. Ferraro, Mr. Fisher, and Miss F. Murphy will assist Mr. Doone in coaching.

Several faculty members and some students have been absent from school because of sickness—the flu prevailed.

More news of the science fair will grace this column in a short time.

DEAR EDITOR Your Letters

The Antioch News, Antioch, Illinois

Dear Sirs: I've been a resident of Lindenhurst for a little over three years. Some months after I moved in, I became acquainted with a few people who belonged to the Conservative Progressive Party.

I was ignorant at that time of the existence of any other party. I went along with these people and whatever they had to say, believing that they were the right party to govern our Village.

We started a newspaper and called it the "Lindenhurst Life." It was then I heard of Mort Engle. I had never met him, but I disliked him from rumors even though I didn't know him.

All I heard about Mort Engle and the Citizen's Party was what I had heard from the Conservative-Progressive Party.

This went on for some time, so at the first Village Election I voted a straight Conservative-Progressive ticket.

Months went by and I began meeting members of the Lindenhurst Citizens Party and I met Mort Engle.

It was then I began finding things out for myself. Don't make the same mistake I made. Don't be led by words. I took me some time to find out what I wanted to know.

I was told that the Lindenhurst Citizens Party were all well-to-do people and that they would bleed us if they got into office.

Well, they went into office and I'm not bleeding yet! But still I was a little afraid of the Lindenhurst Citizens Party and at the April 1959 election, I split my vote.

I was independent of either party at the time. My only thought was to vote for the ones I thought would give us a good clean government regardless of party.

The future of our village was my first thought, and not revenge against one party or another, or a single person.

I BEGAN TO think for myself, to learn the facts, and not let anyone influence my thinking.

Today, we have a split Village Board, the majority of whom are trying to work together.

However, there are a few others who are influencing a great part of the residents of our village to turn their backs on the Lindenhurst Citizens Party, because they think that Mort Engle, the developer of Lindenhurst is tied in with them in some way.

THIS IS NOT TRUE, as I have found out for myself. I don't know where they get this information or how they dream it up.

Let's wake up to the fact that our Village Board has been elected into office by the residents of the village and should be trusted to do their utmost for the good of the village.

Don't be influenced by everything you may read and don't let anyone influence your thoughts, and lead you to believe what some people

want you to believe. Attend the Village Board meetings and learn the true facts and figures, instead of getting them second hand from pieces of paper put out by a party who in my opinion are against the village progressing as it has been.

It is also my opinion that the Conservative Progressive party would like to see the Village unincorporated. But as we all know, progress can't be stopped just to please the whims of certain people.

We wouldn't have what we have today if this were true.

OK, so we have a split Village Board. Let them handle our Village problems, without backseat driving from others!

Remember, a person who knows what they want thinks for themselves and not what someone wants them to think.

We should all strive for a better and prosperous village. Let's support those Village Board members who are trying to do this.

Don't listen to or believe everything you read. Learn the true facts before you make any decisions. Don't let anyone, or anything you may read influence your way of thinking.

I, for one, will not be led again because I have learned to think, then act according to my own choosing.

This is a free country and you should be free to decide for yourself. Don't let any propaganda decide for you.

Let's make this a village to be proud of.

To-Dog Enemy No. 1
Lake Villa, Ill.

I feel as though this article is the only way I can convey my feelings about your HUMANE actions.

I'm not exactly bitter towards you, I just feel very sorry for you. I had a very fine German Shepherd, that was worth very much to our family, not in Dollars and Cents, but in companionship!

He did not, to my knowledge, harm a soul in all of his 12 month life. That's right, 12 months, just a pup.

But you did take it upon yourself to rid us of this animal we all loved so much.

But that wasn't enough satisfaction for you just to harm dumb animals, was it! No, now you have called another Shepherd owner to inform him and his family that "your dog is next."

Does it give you a powerful feeling to be able to gain the confidence of an intelligent animal, then lower the boom with poison?

I certainly hope you live a long and prosperous life, and lots of sleepless nights.

But then, you have no sleepless nights, because you have no conscience!

Thank you for your patience.

Yours truly,
Ron Nickerson

The Winter Olympics games were initiated in 1924, in France. Winter Olympics consist of skiing skating, ice hockey and bobsledding.

STEP OUT IN IT

Get the quiet proof of Chevrolet's superior performance on the road—No other car in the low-priced three can match the borne-on-the-wind sensation you get from a ride in the 1960 Chevrolet. But that's not surprising when you consider to what lengths Chevy has gone to provide for your comfort at no extra cost to you. As you drive, count the ways Chevrolet has been thoughtful:

Supple Full Coil suspension—Coil springs at all four wheels melt bumps as no other suspension can. Taking the punch out of rough roads is their only function—they don't have to anchor the rear axle.

Butyl rubber body mounts—Thicker, newly designed body mounts

further insulate you from the road.

Body by Fisher—Only Chevy in its field offers the polish and craftsmanship of Body by Fisher.

Foam cushioned seats—Chevy offers foam cushioned seats in both front and rear in all series but one.

Safety-Girder frame—X-built and not merely X-braced, the Safety-Girder frame affords greater rigidity to minimize twisting and squeaks.

Hydraulic valve lifters—Oil hushed hydraulic valve lifters reduce engine noise to a whisper.

Cushioned steering shaft—A universal joint and cushioned coupling keep those annoying road tremors from the steering wheel.

Precision balanced wheels and tires—Here again Chevy has shown concern for your comfort by eliminating vibration in this vital area—tire life is longer, too.

Easy steering ratio—Chevy's high ratio Ball Race steering takes the work out of steering for you.

Superior weight distribution—Chevy rides better, handles better and stops better because the car's weight is more equally divided between the front and rear wheels.

Wide choice of power teams—Choose from 24 different power combinations to satisfy the itchiest driving foot—more than any other car.

Now—fast delivery, favorable deals! See your local authorized Chevrolet dealer!

Mosaics Talked At Woman's Club

C. H. Price of the Craft studio, Hillside Shopping center, was speaker at the meeting of the Antioch Woman's club, Monday afternoon at the Scout House.

He told members present that working with mosaics and glass was a rewarding pastime and to be able to create their own tables and plaques and decorations from Rhine glass (like a decal to apply on glass), Venetian glass and porcelain tile was a wonderful hobby.

Price also brought out the fact that ceramic tile has a pottery base, with a glazed surface, and cannot be used outside as it is porous.

Mrs. Louis Biel and her hostess committee followed the Valentine motif for the table decorations and in serving refreshments to the 35 members present.

In talking with Mrs. Biel about the Scout House, she said "It was a joy to work in the remodeled kitchen."

The next meeting of the Woman's club will be on Feb. 15.

Varied Events To Mark Scout 50th Anniversary

Some 12,000 boys and adult leaders of the North Shore Area council, Boy Scouts of America, will observe the 50th anniversary of the founding of the Boy Scouts in the United States this week.

"Most of the anniversary observances in the Council will be conducted on the pack and troop levels," Lawrence W. Gougler, of Winnetka, president of the council, said.

National Boy Scout Week will be observed Feb. 7 through 13 throughout the United States. Scouting celebrates its 50th anniversary on Feb. 8.

Among the functions the 250 units in the council are planning, the president said, are the "Blue and Gold" family dinners of the Cub packs, special troop courts of honor, window displays prepared by the boys and special church services.

Northwest District, one of the four in the council area, will conclude Boy Scout Week with its fifth annual Scout-O-Rama Feb. 13 at the Lake County Fairgrounds, Grayslake.

The annual indoor exhibit of Scoutcraft draws some 10,000 persons from throughout the district.

Women made their first appearance in the modern Olympic games in 1912.

Our Correspondent Says—

Cigaret Smoking Just Isn't Same With Menthol Flavor As Additive

By Mrs. Pearl Kapell

There's been quite a little publicity lately on the subject of several new brands of cigarettes.

These new cigarettes are supposed to have been rendered as near to harmless as is possible and still have any resemblance to cigarettes.

I'm no more anxious than the next guy to die of cancer, and I smoke a great deal. So I thought it would be wise to try this new innovation.

According to one article I read, practically all the harmful ingredients are removed from these cigarettes.

Unfortunately, this also removed all the taste. So the makers put just a hint of menthol in to replace the flavor.

THERE'S ONLY one thing wrong with this reasoning. There's a big difference between the taste of tobacco and the taste of menthol.

I prefer tobacco.

It used to be that, on arising in the morning, I'd promptly light a cigarette. How good that drag tasted, after hours of abstinence!

I would immediately go into a fit of coughing. Upon recovering, I would take another deep drag, and start coughing again.

But I'm not easily defeated. I'd persist, until I could inhale without coughing.

Now I get up, light a mentholated cigarette, and what happens? Nothing. No cough, no reaction.

THE ONLY way I can be sure I'm smoking is to look carefully at the burning end of the cigarette.

I've been told that the pleasure of

smoking is purely mental—that if you smoke in complete darkness, you won't enjoy it.

In fact, that you can't even be sure you're smoking if you can't see the smoke. Well, now you can't

even be sure you're smoking if you do see the smoke.

I suppose I'm foolish, in the light of all the evidence against it, to continue smoking a cigarette loaded with dirty old tars and nicotine.

Sometimes I feel that I'm committing suicide, after reading some of the doctor's opinions.

BUT THEN, I read the statistics on auto deaths, and I keep riding in cars. I read solemn diatribes against fat meat, and still chew lustily on steak fat every chance I get.

Unfortunately, everything I like to do seems to be slow death. So

Expect Refund? Then File Your Tax Return Soon

Don't delay filing that federal income tax return you got in the mail—especially if you are one of the many millions who may have a tax refund coming.

For, the sooner you file, the sooner internal revenue service can process your return and get your check to you.

That is the advice of Harold R. All, district director for the Chicago district. He added:

"If we have to give your return a pre-refund audit and thus delay your refund check, we will inform you of that fact by letter. But even in such cases, the earlier you file, the earlier we can get at your pre-refund audit."

All also has a couple of tips for early filers who want to receive their refunds as quickly as possible.

One is to make sure you don't omit any essential information in making out your return, such as your signature (and that of your spouse if it is a joint return), your Form W-2 reporting your tax withholding and your address as legible as you can print it.

The other tip, All said, is not to write for a few weeks asking where your refund is.

"If we have to stop to answer such letters," All said, "it will slow down the refunding process and delay your check that much longer."

It's just sort of a race to see which vice is going to catch up with me first.

In the meantime, I'm going to enjoy my vices to the utmost. I just might give up all these delicious ways of killing myself and fall out of bed and break my neck.

Then I'd feel cheated. But you can be sure of one thing—I won't die from smoking too many menthol cigarettes.

Family Ponders on 'Big' Question Of Bringing Cat Down From Tree

By Mrs. Pearl Kapell
CHANNEL LAKE—If many of the phones at Channel Lake seemed unusually busy the other day, it was probably Mrs. Hazel Willett calling everyone she could think of for advice and aid on how to get a half-grown cat down out of a tree.

The whole unfortunate episode started one night when little Nancy Willett finally coaxed her parents into allowing her to keep the little stray she had found at the door.

She and her brother Timmy adopted him with glee, and fed him lovingly all evening.

About 10 p.m. he was let outside for a few minutes, and was promptly chased up the tree by a roaming dog.

The cat was over-zealous. In his panic, he went so far up the tree that he lacked the courage to come back down.

BOB WILLETT, father of Nancy and Tim, managed to get a ladder up the tree, but was finally forced by the darkness to give up the project.

The Willetts retired to uneasy slumber, with plaintive mews ringing in their ears and occasional sob from Nancy.

The next morning the cat was still up the tree, and it was still too dark when Mr. Willett left for work for him to make any attempt to rescue the animal.

Nancy and Tim got ready for

school reluctantly and tearfully. Their mother, Hazel, made several frantic attempts to coax the animal down.

The cat cried pitifully and only clung tighter to his cold and slippery perch.

Hazel started calling friends for advice. Opinion was fairly evenly divided on the hell-come-down-by-himself and he-won't-come-down school of thought.

COLD COMFORT to a soft-hearted woman forced to listen to plaintive mews while the thermometer steadily sank, the cat remained glued in place and her husband would not come home till after dark again.

A few rather impractical suggestions were given—shoot the cat, chop down the tree—but Hazel ignored these.

Someone finally suggested calling the Antioch fire department. Hazel did. The man who answered the phone was sympathetic, but said the department could not leave Antioch on such a mission, and suggested Hazel try the sheriff's office.

Hazel did. The sheriff suggested calling the animal warden, Wilbur Turner. Hazel did.

Turner wasn't home.

HAZEL'S SISTER, Ellen Pieper, came over to lend encouragement. The two shuttled back and forth between tree and house. A couple of times they tried climbing the ladder, but "chickened out" before they'd reached as high as the cat.

School ended, and Timmy and Nancy came home and offered tearful encouragement to the cat. The cat seemed appreciative, but would not move.

Timmy finally took matters in his own hands. He called the animal warden with his tale of woe.

Wilbur came over, climbed the ladder and the tree, and restored the cat to his grateful owners.

As far as Timmy and Nancy are concerned, Mr. Turner is a much greater hero than Zorro.

The cat is happy. Hazel and Ellen have colds.

Gas Firm Reports Gain in Customers

Northern Illinois Gas reported a record gain of 43,298 customers in 1959 in its February 1 report to stockholders.

This was 15 per cent greater than the previous high in 1956.

NI-Gas was serving about 672,600 customers at the year's end.

NI-Gas President Marvin Chandler said that the number of household customers it was serving in its 285 community service area in northern Illinois approximated 356,000 at the end of 1959, up about 78,000 over a year ago.

Chandler told stockholders construction expenditures in 1960 are estimated at \$49 million which is about \$9 million more than was spent last year.

NI-Gas' five-year (1960-64) construction program is now projected at \$180 million of which about \$120 million of new capital will be needed.

Malcom Shroyer Out of Primary

Malcolm Shroyer of Hawthorn Woods has announced his withdrawal as a Republican candidate for the state senate from the 62nd district in the April 12 primary.

"Since early December," explained Shroyer, "I have campaigned strenuously and had received the endorsement of the Republican organization in Elia and Vernon townships, but I had hoped to secure considerably more support from the party organization throughout the district."

"As it turned out, most of the organization backing had already been committed to the two other candidates."

"Under the circumstances," Shroyer continued, "the odds against my winning in a three-way contest were too great to justify my staying in and probably defeating one of my objectives, namely to nominate a strong new candidate who will win in November."

"I am grateful," said Shroyer, "to the many citizens who carried my petitions and endorsed me."

"To those who feel as I do that the Republican party needs a new and stronger candidate than the incumbent to win in November, I recommend they vote for Lee Fleming for state senator."

New Cheese Cake the Lightest

Now there's a new way to make the lightest, most luscious cheese cake you've ever tasted. Created in Carnation Company's test kitchens, this recipe uses whipped instant nonfat dry milk crystals to eliminate the heaviness of whipped cream.

Photo by Carnation Company
NO-BAKE APPLE-LEMON CHEESE CAKE
(Makes 8-10 servings)

- 1 package (3 1/4 ounces) lemon pudding mix
- 2 tablespoons (2 envelopes) unflavored gelatin
- 2 cups apple juice
- 1/2 cup sugar
- 2 egg yolks, slightly beaten
- 1 cup cream-style cottage cheese

- 1/2 cup instant nonfat dry milk crystals
- 1/2 cup ice water
- 2 tablespoons lemon juice
- 1/2 cup sugar
- 2 egg whites, stiffly beaten
- 1/2 cup chopped apple

Combine pudding mix, gelatin, apple juice, 1/2 cup sugar and egg yolks in saucepan. Cook over low heat, stirring constantly, until thickened. Cool thoroughly. Beat cottage cheese until creamy. Add pudding mixture and continue beating until mixture is blended.

Combine instant crystals and ice water and whip until soft peaks form (3-4 minutes). Add lemon juice and continue whipping, while gradually adding 1/2 cup sugar, until stiff peaks form (3-4 minutes longer). Fold whipped instant crystals, egg whites and apple into pudding mixture. Pour into pan over crumb mixture. Chill until set (about 3 hours). Garnish top with extra crumbs and strawberries, if desired.

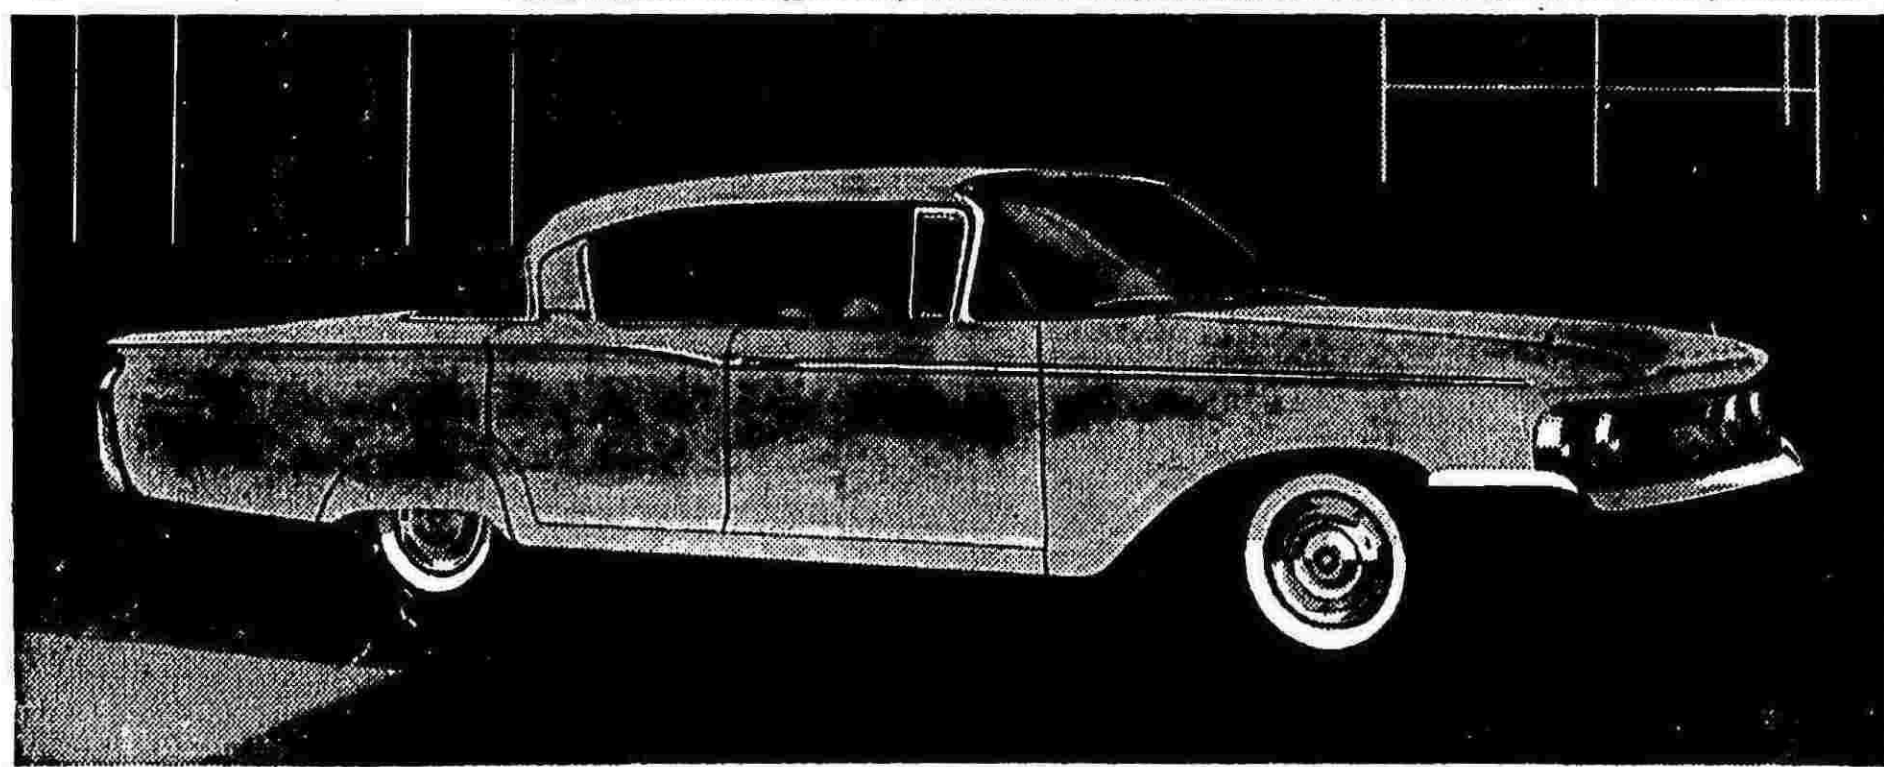

* Crumb Mixture: Blend 1 cup fine graham cracker crumbs with 2 tablespoons sugar and 1 tablespoon melted butter. Press crumbs over bottom and sides of 8-inch spring form pan.

Sequoits Play Away Friday

Antioch Downs Ela-Vernon and Wauconda Fives

Antioch high's cagers will be after their 10th conference victory in as many games when they meet the strong Lake Forest high crew at 8:30 p.m. this week Friday on the Lake Forest floor.

Lake Forest was ranked by many experts as "the team to beat" before the season opened and although it has not lived up to expectations on the winning side of the ledger, is still rated a top rank foe by Coach Larry Leon.

Second half scoring rallies in which the Antioch high Sequoits outscored their rivals 47-29 in one case and by 57-40 in another told much of the story last weekend as the local cagers topped Ela-Vernon and Wauconda high schools.

The youths coached by Larry Leon made it nine Northwest Suburban conference wins without a defeat by downing Ela-Vernon 97-82 in a rough game Friday night and then slapping down Wauconda there Saturday evening.

Antioch was ahead but 40-36 at halftime in the Ela-Vernon contest, but then rallied to lead 69-51 at the three-quarter mark. The visitors outscored the Sequoits in the fourth stanza after Leon inserted some reserves.

Against Wauconda the local quintet displayed a much better rebound game in the second half along with better shooting to bring up the victory in a game which saw Wauconda throw quite a scare into the Sequoits before losing.

The scoreboard read 37-34 in favor of Wauconda at the halftime intermission, but Antioch was on the long end of a 57-53 count at three-quarters of the way. The Sequoits scored 23 points to 10 for Wauconda in the fourth period.

Jerry Dahlman who finally wound up the game with 39 points, made but 10 of them in the first quarter and only 4 in the second, just to show how the Sequoit attack bogged down in the Wauconda game first half.

ON THE OTHER hand Kazimour of Wauconda, one of the top scorers in the conference, sunk 17 of his 23 points in the game in the first two quarters, including 11 out of 13 free throw tries.

Antioch tied the score in the third stanza at 48-48 after the Sequoits gradually crawled up the scoring ladder in that quarter. Dahlman did it on two consecutive free throws.

Then with 4½ minutes played in the third period, Dahlman put Antioch out in front 49-48. But that did not last long as Wauconda forged ahead again and once more Antioch had to creep up on the scoreboard against stubborn opposition.

Dick Wolf shoved the Sequoits on the strong side of the ledger at 55-54 with about a minute to play in the third quarter. Wauconda went ahead 56-55 and Dahlman put Antioch back in front.

Scouts Down Richmond '5' And Up Lead

Antioch Scouts semi-pro basketball team defeated Richmond 60-71 last Sunday afternoon to stretch their Land-O-Lakes league lead to three full games and give them a 9 and 2 conference record for the 1959-60 season.

Next Sunday at Wauconda high school, the Scouts will play Grayslake in the afternoon finale starting about 4:30. Other games will see Round Lake vs. Richmond at 1:30 and Wauconda vs. Fox Lake about 2:55.

The local quintet started off with a 9-0 lead before Richmond got its attack started. Richmond then went on to tally 12 points while the Scouts could garner but a pair.

But after that the Antioch team pulled away and was out in front at the halftime intermission 38-22.

Dick Behrens and Mike Haviland did a good defensive job on Christensen, the league's leading scorer, by holding him to 3 points in the first half.

Also in the first half, Art Smejkal did a fine job on L. Miller, the loop's third top scorer, in holding him to 4 points. Smejkal also dumped in 15 points himself to help give the Scouts a 16-point advantage at the half.

In the second half of the play, the scouts were outscored 49-42 with L. Miller and Christensen contributing 10 and 15 points respectively to spark Richmond.

But with Jack Pregoner finding the range for 16 points, Smejkal adding 11 and four field goals by Al Reckers, the Scouts were able to hold their lead.

Top scorers for the Antioch crew in the game were Smejkal with 30, Pregoner 20, Bahrd 10, Reckers 10, Haviland 7, Behrens 4, Parker 3.

och in the lead 57-56 with two free throws in a row.

Wauconda went ahead in the early moments of the fourth period 58-57. Bob Martin and Dahlman set the local cagers ahead 61-59 with 3½ minutes played.

From then on the Leon-coached boys were never behind although Wauconda had many shots, perhaps as many as the Sequoits. But Antioch kept pecking away at the basket successfully and built up its final 80-66 victory.

THE HOME team tried 72 "field goals" and made 24 for a 33.3 percentage. Free throws were 29 attempted and 18 made for 62.1. On rebounds the Wauconda team gathered in 14 offensive and 27 defensive for a 41 total.

Antioch had somewhat the better of the argument in these statistics. The Sequoits attempted 71 field goals and made 27 for a 38.0 percentage. They tried 35 charity tosses and made 26 for 88.2. Rebound statistics saw 15 offensive and 29 defensive for a 55 total.

"Rough, tough and bitterly fought" could well describe the game with Ela-Vernon here Friday evening, as 55 personal fouls were called on the two teams, including 31 against the Ela-Vernon Bears.

Two of the visiting team's scoring aces, Joe Webb and Johnny Sunaker, were handicapped by fouls early in the game. Webb is one of the better rebounding aces in the conference.

Dahlman and Pyles tallied 30 and 28 points respectively against the Bears while Dahlman made 39 and Pyles 13 to pace the Sequoits against Wauconda.

Antioch was much stronger in rebounding throughout the game against the Bears than it was against Wauconda.

Panthers Lose To East Troy; Travel Friday

WILMOT, Wis.—Wilmot high's basketball team sporting a 4 wins and 5 defeats record in Southern Lakes conference games to date, meets Whitewater at Whitewater this week Friday evening.

Whitewater topped Mukwonago 82-57 last weekend while the Panthers from Wilmot dropped a 62-41 decision to league leading East Troy.

Only in the fourth quarter did the Panthers outscore the East Troy quintet which is undefeated in conference contests and is ranked second among the state of Wisconsin's small schools.

Greg Bush hit 14 points to pace the Wilmot point-makers, while Gary Kingzett popped in 17 to pace the victors.

The fast break offense of the East Troy team broke the game wide open in the third quarter as it helped

By John Fisher
Central Hi Sports Reporter
PADDOK LAKE—Salem Central high's basketball team held its toes to 2 points in the second quarter of play but could not contain Big Foot of Walworth in the other three periods as it lost last Friday evening 51-42.

Central meets Palmyra on the Paddock Lake school's floor this week Friday evening and plays Big Foot on the Central high floor next Tuesday night in more conference games.

The Falcons from Central led 23-19 at the halftime pause after being on the short end of the count 17-13 at the end of the first quarter. The scoreboard read 31-31 as the third stanza ended.

ATHS to Meet Grant High in Regional Game

Antioch's Fighting Sequoits, currently leading the Northwest Suburban conference standings, will meet Grant high of Ingleside in the second night of play in the regional basketball tournament at Libertyville.

This tourney booked for Feb. 29 through March 4, will see the Sequoits and Grant playing (game 3) at 7 p.m. Tuesday, March 1, in the first game of that night. Libertyville and Ela-Vernon are to meet in the night's finale at 8:30 in game 4.

Monday evening, Feb. 29, it will be (game 1) Barrington vs. Wauconda at 7 p.m. and Round Lake against Grayslake at 8:30 (game 2).

Wednesday night, March 2, the winner of game 1 will play the victor in game 2.

The victor in game 3 and the winner in game 4 will meet Thursday, March 3. Both Wednesday and Thursday games will start at 8 o'clock.

Finals will take place Friday night, March 4, with the victors of the Wednesday and Thursday evening games clashing at 8 p.m.

Winner of the regional tourney takes part in the sectional playoffs at Arlington Heights the following week.

Barrington was seeded no. 1 team in the regional tournament and Antioch was seeded no. 2. Libertyville was seeded no. 3 and Round Lake no. 4. "Seeding" was done through voting by the coaches in the conference involved.

The visitors outscore Wilmot 17-2. The half had ended with the Panthers on the short end of a 31-22 count.

In the B squad contest, East Troy topped the Panthers 46-35.

Wilmot varsity scoring totals: Dicklin 5, Held 5, Roberts 4, Rasch 6, Harmon 3, Ratcek 4, Bush 14.

in that second quarter were contributed on a "field goal" by R. Fuhrman, a forward. The home team at Walworth missed on five free throws in that quarter.

Gene Schulz and Ron Yates with 11 and 10 points respectively led Salem's Falcons in scoring. Six of those by Yates came in the fourth quarter to help keep Central in the battle score-wise.

Six of the 15 personal fouls made by Central also came in that last period, partly because with the Falcons behind in the point-making, the boys tried to gain control of the ball a bit more haphazardly than usual.

Fuhrman of the home team, who was second high point man for Big Foot, tallied all but 2 of his 16 points of the game in the final half of the play. Shultis led the way for Big Foot in the first half, netting 12 of his 21 points in that time.

Salem Central attempted 23 free throws and made 6 while the home quintet sank 7 out of 16.

The loss for the Falcons was their second Southeastern conference defeat against 8 victories, and made their mark for the overall season 9 victories and three losses.

Glen Schulz and Ziehn supplied the big scoring punch with 10 and 9 points respectively for Central's B team but the Falcons lost a close one 38-32 in the evening opener last Friday night.

Antioch Boys On 'Gloves' Boxing Team

The Golden Gloves boxing team will consist of boys from Fox Lake, Lake Villa, Grayslake, Spring Grove, Antioch and North Chicago, and according to Coach Orr, it will be the best team since 1952 when the Ingleside Boys club won the Rockford Golden Glove tournament.

The Rockford tournament this year will be held Feb. 9, 11 and 13. Boxing fans should order their seats in advance from the Rockford News.

Captain Jerry Bennett of Grayslake is one of the best boxers ever to represent the club. He has a lightning fast left jab and should get through the tournament without ever getting hit, as he possesses speed and knows the basic fundamentals of the art.

Bob Wozniak, Antioch football star, will be matched with Milwaukee's champion of last year in the heavyweight open division.

Wozniak won the novice division last year and has a good chance to beat the Milwaukee slugger.

Bill Drews of Spring Grove has shown more improvement than any boy in the squad and is entered in the 112 pound division.

The right hand of Jerry Hawkins, from North Chicago, should win the 118 pound division.

Jim Exon of Lake Villa, who has had Golden Glove experience is expected to punch his way to victory in the 127 pound class.

Boys that will be entered for the first time in Golden Glove competition are David Miller, Raymond Bokan and Charles Havert of Lake Villa; Bill Wallick and John Bennett, brother of the captain, from Grayslake, David White from Antioch, and Bob Schug and Pat Watson from Fox Lake.
